REV. FRED W. HARRIS

The sudden and unexpected death of Rev. Fred W. Harris occurred at his home in Madison, Wisconsin, on November 28, 1938. His funeral services held on Nov. 30 at the First Methodist Church in Madison were conducted by four of his brother ministers and attended by more than 40 of his minister friends and co-workers in the West Wisconsin Conference where he himself had served in various capacities for more than 35 years. The six Methodist ministers living in Madison carried him to the last resting place in Roselawn Park.

An editorial in the Madison State Journal stated: "Not only the Methodist Church, but the people of Wisconsin have suffered a loss in the death of Rev. F. W. Harris." He accomplished much during the time accorded him for life's activities. His memory is imbedded on the hearts of thousands of people in Madison and throughout Wisconsin who knew and appreciated the greatness of the man. His resident Bishop wrote of him: "He has given wonderful leadership to our church and the Kingdom of God. He was a **man of high character** and excellent spirit, of keen judgment and quick understanding so that he was much appreciated by the ministers of the Conference and the laymen with whom he dealt." A lay-member of a church in southern Wisconsin where he served a long pastorate paid tribute: "He gave us his best. His messages of hope and encouragement, his kindness, deep understanding, warm sympathy, faithful service during his pastorate here have made for him an everlasting memorial in our hearts and in the history of our church."

While Rev. Harris' service to his fellowmen as a minister of the Gospel came first, yet he did not confine his activities nor his friendships to his church. Every movement for the betterment of mankind had his interest and support. He was a student of economic conditions and gave unhesitatingly of his broad and liberal thinking and virile powers to any movement or civic plan for betterment of living conditions. He was a deep thinker and extensive reader. In early manhood, he began selecting books to fill his home-made book shelves and continued acquiring books, not only those pertaining to his religious work, but also along lines of history, economic research, philosophy, poetry and prose, masterpieces of literature and art until he owned a library of more than 1600 volumes.

His passion for learning led him in young manhood out from his boyhood home on the hillside-farm overlooking the Mississippi valley and the hills beyond, first to attend Epworth Seminary at

Epworth, Iowa, where he graduated in 1898. He received his B.A. degree in 1902 from Lawrence College, Appleton, Wis. He went on to Boston University School of Theology and graduated with S.T.B. degree in 1904. Rev. Harris also received his M.A. and Ph.D. from Illinois Wesleyan. In 1919 Lawrence College gave him the honorary degree of Doctor of Divinity.

Many who read these lines are remembering Fred W. Harris as a hobbyist, collector, and possessor of an extensive collection of coins and "Monies of the World." This interest, too, began in early boyhood and now retained in possession of Mr. Harris' family are the first coins collected by the 12-year-old boy among which are these: 15c paper money paid by a neighbor for a 14 lb. catfish; 3 coins from Switzerland which the village storekeeper found in his cash-box; a U.S. $\frac{1}{2}$ dollar paid for $1\frac{1}{2}$ days' work in the harvest field; 2 U.S. dimes on trade for an old jack-knife; an English coin to pay for $\frac{1}{2}$ bushel black walnuts; a 5c nickel picked up in the road and some thirty others with similar stories of interest. This hobby grew in interest through the years and the collection grew to number thousands of pieces representative of people of all lands and portraying historical development of all nations. Mr. Harris did not value his collection from a commercial standpoint alone. To him it was an "Educational Exhibit." Through the materials used as money, he traced the development of peoples and nations historically and economically.

The collection as arranged for Educational Exhibit was comprised of four exhibits, each in itself a separate grouping:

1—"Centuries of Progress."

This began with Babylonian and Egyptian tablets, scarabs, and beads, the currency of 5000 B.C. down through to present time. Included various kinds and rare pieces. Displays coinage that contributed the most to economic development during each century.

2—"Around the World Series"

This group is arranged alphabetically by countries—tracing development of people through coinage used. Includes U.S. money from Colonial barter to present-day currency.

3—"American Indian Series"

Includes types of materials used for barter from all parts of America. Examples are—Beads of stone and clay, shells, Shark tooth money, Wampum, Buttons, Fishhook money, Amber-nugget money, Agate bead money.

4—"Odd Curious and Novel Series"

Includes several hundred pieces from all parts of the world as Swedish Plate money, **Esquimo Blanket money**, **Grass Mat** and **Spear money** from Africa, Cheese and Tea money from Russia and Manchuria, Feather money from Santa Cruz, and many others.

Rev. Harris attended the Chicago conventions of the American Numismatic Association in 1929 and 1933, and also a number of meetings of the Chicago Coin Club in recent years, and will be remembered by many of those in attendance there.

If other collectors derive as much pleasure and knowledge from the material they secure at this sale, as he did in collecting and studying them, his efforts will not have been in vain.

TERMS OF SALE

All coins, bills, and other items are guaranteed genuine, unless otherwise noted.

New bidders or customers sending in bids for the first time must positively give first class reference, bank reference preferably, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bids will not be accepted; application of such deposit will be made upon successful bids; the seller reserves the right to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

Collectors who make unlimited bids will get the lots at 5% above the highest actual bid entered.

The terms are prompt cash settlement after sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

Remit by money order, draft, check, or in any way most convenient. **Stamps accepted for accounts that are below one dollar only.**

Coins will be bought below your bids where other offers permit, as this is competitive bidding, executed in good faith.

The usual charge of 5% will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. Postage and express is paid by the purchaser.

Many of the lots are large or heavy, and will require careful packing. They will be sent by express, charges collect, unless customer requests that his lots be shipped by freight, in which case please state whether train or truck is preferred.

Receipted bills are not sent out after your remittance as this is unnecessary. Your check, draft or money order itself is a receipt. However, if a 3-cent stamp is enclosed we will send receipt.

Be certain that you bid on the lot you wish to buy. We will correct errors and adjust claims, but you should not expect us to pay for your mistakes. Be careful in making your bids. Be sure that you bid on the lot you wish to buy, and **at so much per piece.**

Bids must reach me by the morning of the sale. Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, and there are no higher bids, the first received gets the lot. When two or more unlimited bids on a certain lot are sent, the first one received gets the lot at a 5% advance over the highest actual bid.

Between the seller and buyer, my position in describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative, by the collecting public.

It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values. It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

Inspection of Lots. Any lots in this sale may be seen and examined by **appointment only**, at 1126 Benson Blvd., Freeport, Illinois, on any day before the sale. No lots exhibited on date of sale, and all bids must be by mail, in fairness to the collectors who live in distant states and countries, and cannot attend a sale in person. Please write, or telephone, or wire a telegram for an appointment, if you wish to call to see any lots, as Mr. Bolender is often out of town on business.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this—bid by the piece.

NOTE—A printed list of all the prices realized at this sale will be sent for fifty cents (50c). Send coin or stamps with your bids

so as to reserve a price list, or if you prefer, we will add the cost to your bill of items purchased for you at this sale. Keep posted on coin values as they are today, and order a price list in advance of the sale. After the sale they cost \$1. Before, they are 50 cents.

*The star or asterisk before a lot number indicates dollar size foreign silver coin, or crown.

**THE REV. FRED W. HARRIS COLLECTION
CENTURIES OF PROGRESS EXHIBIT
PRE-HISTORIC AND EARLIEST MATERIAL
(Before 5th Century B.C.)**

1. Babelonian Clay Tablet $1\frac{1}{4} \times 1\frac{1}{2}$ in. Oldest form of writing in the world and is the earlier form that led to our modern paper money. Wedge-shaped characters. Found at Tello. Last kings of Ur. Good.

ODD AND CURIOUS MEDIUMS OF EXCHANGE

Money of every shape and material has at sometime or place appeared. The Rev. Harris collection of odd and curious moneys of the world is an outstanding feature of his educational series. Nothing is included, unless made for the sole use as money, or else has been used as money by the people by whom it was produced, or by those who later got possession of it.

THE FAMOUS HARRIS COLLECTION OF BRYAN MONEY

Note—The numbers refer to the specialized list by Farran Zerbe, published in the July, 1926, Numismatist. The fine collection here offered has been checked over by Mr. Zerbe, the authority on the subject, and all descriptions guaranteed accurate. The pieces offered are all genuine and contemporaneous, the false or fake

pieces having been rejected from the catalogue. Every collector should have a few of these interesting pieces in his collection. They are always intensely interesting to your visitors who look at your collection, and form an important historical series.

1792. \$3 **Bank of Monroe**. Herd of cattle. THREE in red. V. fine.

END OF SALE

•

The index numbers are the lot numbers in the sale. **There may be other numbers in the catalogue in which you will be interested, too,** as this index is not intended to be complete, but to be helpful in the location of your wants or specialties. Collectors who do not know how much to bid on any items, in order to have a reasonable chance of success are courteously invited to **submit a list of numbers** leaving space for us to fill in the estimates. Then you may bid more or less. Collectors find that if they bid near our estimates they will generally be successful on a good proportion of their bids, but we do not guarantee that they will receive all. We often have two or more unlimited bids on an item in which case the first one received is the successful bidder. All estimates are made by M. H. Bolender, whose 32 years' experience as an active collector and dealer, and the successful conduct of 128 auction sales, qualify him as one of the best posted men on the actual sale value of numismatic material. His fair estimates are not high figures that the owner **would like** to receive, but figures that are **actually expected**. All bids are received and entered by Mr. Glen E. Bolender, chief clerk for eleven years. His fairness and honesty in handling bids has received liberal support and much pleasing comment. **ORDER A PRINTED PRICE LIST OF THIS SALE WHEN YOU SEND IN YOUR BIDS. THE PRICE IS ONLY 50 CENTS, AND THIS MAY BE ADDED TO YOUR BILL AFTER THE SALE.** It pays to keep posted on prices that coins and paper money actually sell for, and not prices asked by dealers. As this collection is a veritable museum in itself, it will be a handy reference. **PLEASE MAIL YOUR BIDS SO AS TO REACH THIS OFFICE BEFORE THE DAY OF SALE,** if possible to do so. This will assure careful entry of your bids, as we are very busy on sale day with other clerical work. Your cooperation is appreciated.

M. H. BOLENDER

1126 Benson Blvd.

Freeport, Illinois

INDEX

The numbers are the lot numbers in the catalogue.

- Ancient Coins, 15-136
- Ancient Tablets, 1-5, 13
